

BLUFFTON

AREA IMPROVEMENTS PROJECT

An AEP Company

BOUNDLESS ENERGY™

AEP Ohio officials plan to strengthen the electric transmission system in Allen and Hancock counties in northwest Ohio. This project improves electric service reliability and supports economic development.

WHAT

The project involves:

- Building Boutwell Substation
- Building approximately 5.5 miles of power line
- Rebuilding approximately 3 miles of power line

* Company representatives may announce future components as the project develops

WHY

The improvements:

- Increase electric service reliability
- Support economic development

WHERE

The project area includes:

- Village of Bluffton
- Richland Township in Allen County
- Orange and Union townships in Hancock County

PROJECT SCHEDULE

*Timeline subject to change.

TYPICAL STRUCTURES

The project involves the installation of steel poles.

Structure Height: Approximately **70 feet***

Right-of-Way Width: Approximately **60 feet***

*Exact structure, height and right-of-way requirements may vary
