BOUNDLESS ENERGY

Indiana Michigan Power (I&M) plans to strengthen the electric transmission network serving customers in Delaware County by upgrading about 3 miles of power line in Muncie. The improvements help enhance electric reliability in the area.

## WHAT

The project involves rebuilding approximately 3 miles of 69-kilovolt transmission line.

## WHY

The improvements help:

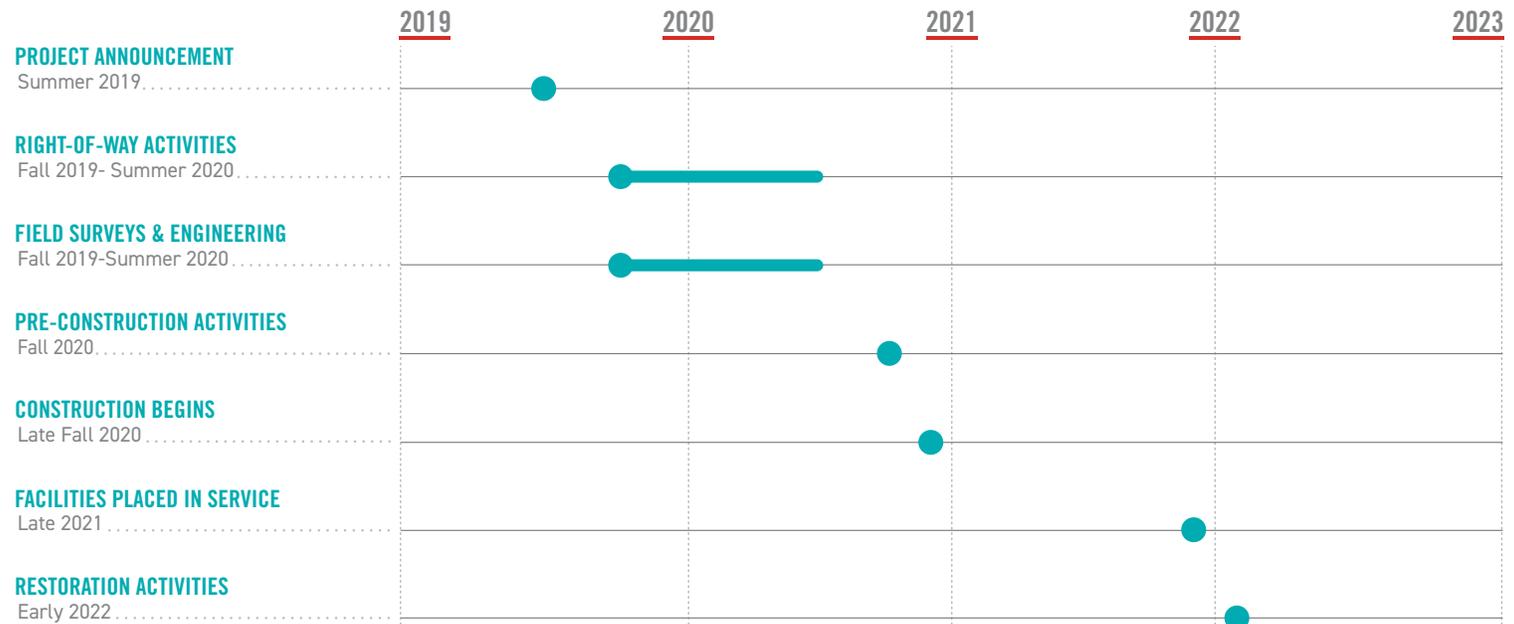

- Strengthen the local power grid
- Enhance electric reliability in the area

## WHERE

I&M plans to rebuild the power line in Center Township. The line runs northwest from near the intersection of Centennial and Granville avenues to near the intersection of Wheeling Avenue and Riffin Road.
